#### One possible version:

Dear Carol,

How's everything going? Last Monday afternoon, our school organized an out-of-school activity to Shenzhen Bay for a bird-watching adventure. Under the guidance of Miss Li, we got to see many different kinds of birds.

This trip was not only interesting but also a great way to gain knowledge in the field. What's more, being by the water and watching the birds in their natural habitat calmed my mind. It helped reduce my stress and broadened my horizons. It was an unforgettable afternoon!

I wish you could join us next time.

Yours,  
Li Hua

#### Another possible version:

Dear Carol,

How's everything going? Last Monday afternoon, our school organized an out-of-school activity to visit the Guan Shanyue Art Museum. It was a wonderful experience as we got to explore the rich collection of artworks.

During the visit, we were deeply impressed by Guan Shanyue's paintings. For example, the "Green Great Wall" was not only important in his artistic career but also holds a milestone in the history of Chinese art. This trip was not only educational but also helped us relax and think outside of the box. I felt inspired and peaceful after spending time among the artworks.

I hope you can go there with me someday. It will be an amazing experience!

Yours,  
Li Hua
